

Making the most of short and precious lives...

Children's Hospice South West (CHSW) exists to make the most of the lives of children and young people with life-limiting conditions, which mean they are likely to die in childhood. Our belief is that the best way to do this is to wrap our care around families who have received this devastating diagnosis.

Around £11 million per year needs to be raised from voluntary donations to ensure that we can continue to care for and support more than 500 families who see CHSW as a lifeline. From the point of diagnosis through to bereavement and beyond.
