Medical referral Form C

To be completed by Lead Paediatrician

Vulnerability factors (adjusted from Helen and Douglas House)

Which of these factors apply? They are particularly relevant to children and young people in the ACT 4 category – (neurological disability, - for instance cerebral palsy) but please answer for all referrals.

Children and young people who are likely to be accepted for Children's Hospice services and to benefit most from specialist palliative care would have orange/red features in more than one category, although each child will be considered on an individual basis.

Respiratory

- ☐ Two plus chest infections requiring hospitalisation per year
- ☐ Vulnerable airway
- ☐ PICU admission for lower respiratory tract infection
- ☐ Scoliosis impacting on respiratory function
- ☐ Apnoeas requiring intervention
- ☐ Requirement for long term oxygen therapy or NIV at home
- ☐ Tracheostomy and/or 24-hour ventilation

Neurological

- ☐ Epileptic activity needing medication
- ☐ Poor seizure control despite numerous drugs
- ☐ Frequent use of seizure rescue medication (daily basis)
- ☐ Episodes of status epilepticus requiring intensive treatment (IV infusions/PICU)

Gastrointestinal

- ☐ Gastrostomy
- ☐ Jejenostomy
- ☐ Severe uncontrolled reflux despite maximal treatment
- ☐ Pain/distress associated with feeding necessitation progressive feeding reduction
- ☐ Severe gut failure requiring TPN

Locomotor

- ☐ Spastic quadriplegia/total body involvement
- ☐ Poor head control/fixed spinal curvature
- ☐ Dependent on wheelchair driven by a carer
- ☐ Difficulty in maintaining a sitting position (Gross Motor Function Classification System Level V)

Other system failure

- ☐ Organ failure awaiting transplant
- ☐ Unstable cardiac condition awaiting surgery

Medical referral

To be completed by lead paediatrician
